The Cameron Herald

ESTABLISHED A. D. 1878

VOLUME 50 | CAMERON, MILAM COUNTY, TEXAS THURSDAY, SEPT. 13, 1928 | No. 20

OUR TOWN

By J. B. WHITE

Up to noon Thursday 10,100 bales of 1928 cotton had been received in Cameron. This figure will compare favorably with the receipts at this period last year although the crop this year is a few days late. The harvest season will be short this year compared with 1927 and the yield will be much less. Decline in price occasioned by the government report is regrettable. Evidence that overproduction, if eliminated by diversification will relieve the necessity of farm relief.

The situation in which the International Life finds itself at the present time brings up in the minds of Texans the Reserve Deposit Law of Texas, under which many Texas life companies now operate. The wise provisions of this law are such that defalcation of reserve funds is impossible, inasmuch as the full legal reserve on each policy outstanding is in the custody of the Texas Insurance Department, in the form of approved securities. Thus in another instance is the wisdom or our lawmakers portrayed in striking fashion and another valuable selling argument furnished the agents of all companies fortunate enough to be operating under the Reserve Deposit Law of Texas.—Texas Insurance Field.

Public evidence of protection such as shown in voluntary compliance with the reserve deposit law of Texas as is now the policy of a few companies operating in Texas, is re-assuring. In this day of commercial and industrial ambition too often inexperience gains the confidence of the people and dreams of money making entice too many to embark on great enterprises without sufficient guarantee of good faith and a square deal. The universal policy of banks to comply with all reasonable and absolute guarantees of protection to depositors should be a policy universal with insurance companies.

Cameron's public schools opened Monday morning with a large enrollment. One of the great assets to which any city may point with pride, the schools should enlist the co-operative interest of every citizen. The faculty, some strangers in our midst, should be made to feel that they are welcome, that the future months hold for them a wholehearted co-operation by the people and we are glad to welcome them to the 'Friendly City.' It is pardonable pride to say that Cameron schools equal in scope and administrative attraction those of any other Texas city. In the past students graduating from this school have continued with high distinction in the colleges and universities of Texas and from the graduating class of 1929 the students will be up to traditional standards.

Editor Herald:

"I enclose my check for two dollars for subscription to Cameron Herald, as there must be something due you.

Being a Washington newspaper correspondent, and knowing quite well Hon. Tom Connally, I was pleased immensely that the voters of the Lone Star state decided to transfer him to the United States Senate. I was also gratified to read in your interesting publication that your county rolled up such a pronounced majority for him at the recent state primary.

Being an ardent Democrat, a voter and taxpayer in my native state of Virginia and much more than a year ago an enthusiastic advocate of having our party nominate Governor Al Smith as its candidate for President, you can imagine I was overjoyed when the Houston convention put him over on the first and only ballot and with votes to spare.

Unless I am more mistaken than ever before in my life Smith and Robinson not only will be elected, but all indications seem to point to a pronounced victory—and in spite of a cackling element known as fanatics and bigots.

I was publisher for about three years during my late teens of a weekly newspaper in my native town; but have to admit it wasn't anywhere as interesting a journal as The Cameron Herald. In addition to being so young our section of the state had been picked almost clean by the two armies during the Civil War and from which the Northern section of the Old Dominion did not begin to recover until 12 or 15 years after that conflict in arms ended. What "Little Belgium" went through in the World War was not a patching to what our people suffered.

With best wishes,

Sincerely yours,

Alfred J. Stofer.

MONTEVALLO COAL IS FREE OF IMPURITY

ALABAMA CONCERN PICKS THE HERALD TO ADVERTISE FOR JETER LUMBER CO.

Aldrich, Alabama is the scene of one of nature's strangest coal formations. Most coal, as you doubtless know, has a great deal of impurities, such as sulphur, slate, etc., in it. But the famous Montevallo seam from whence comes the equally famous "Original Genuine Montevallo Coal" is practically from impurities of any kind. This in itself is strange enough—but this chis coal has another fortunate 'peculiarity." Through bituminous coal, it is so dense in structure, so unusually compact, that it actually combines the quick heating quaity of soft coal with the slow economical, even burning of hard coal.

The Original Montevvallo seam was first opened and operated under a commercial basis in 1856—almost three-quarters of a century ago. From the very first year Original Genuine Montevallo Coal was well received by the public as can well be imagined. Today its use and preference cover most of the Southern States, each year having seen an impressive increase in output and consumption.

From 1856 to 1928—72 years. We cannot resist the lure of a few comparisons. Here is a product—untampered with by man, just as it comes from the earth—which has been used and known as a branded domestic product for more than three-score and ten years. Off-hand, we cannot think of another product which ca nboast of a similar record, can you? We venture to say that you cannot name one product—pickles, machinery or what have you—which has been used in Southern homes for fifty-years, let alone 72. At any rate, the scarcity of such products, whether natural or manufactured, is enough in itself to call attention to the qualities which have enabled this unusual coal to hold its place over so ong a period.

Even our vaunted American inventive genius has so far produced nothing capable of displacing this original product of Mother Nature. When it was first mined in 1856, homes were lighted with candles and oil lamps. Since then gas has come and passed (in great part), giving way to electric lighting. Many, indeed, are the changes in living conditions which have taken place since this time, yet Original Genuine Montevallo Coal is in more demand today than ever before.

Only quality of a distinctive nature could possibly account for such a record. In this instance, quality takes the shape of a coal which burns with few ashes and no clinkers and gives so users all over the South testify, much more heat for the same amount of coal than can be had from coal from other seams than the famous one at Aldrich.

It is with a knowledge gained from their 72 years of experience that the Montevallo Coal Mining Company have selected this newspaper to carry their advertising exclusively. The Jeter Lumber Company are the local dealers for the Montevallo Coal.

Troop 1 Boy Scout

Troop one had its regular meeting Monday 7:00 p. m. with 23 in attendance.

One new member was taken in. The new contest started between the Patrols at this meeting with the first and second patrols being tied in percentage. The contest is to last two months.

Five new games were played and the feature of the meeting was a discussion on "Be Prepared." The poor attendance on the part of a few of the boys was discussed and heretofore they were being fined. From now on after missing three meetings or three weeks without an excuse they will be suspended.

Next Sunday the boys will meet at 7:00 p. m. at the Methodist church and prepare for the Boy Scout Service at the Baptist church to be held at 7:30 p. m. We hope to be there 100 per cent.

Meeting nights from now on will take place on Fridays on account of school. This troop is going on a hike Friday week.

HOUSTON ORCHESTRA AT WAYSIDE FRIDAY NIGHT

Wayside Inn will have for their entertainers next Friday night the Eight Melodists of Houston. This orchestra will appear here for its first

PAT M. NEFF

Former Governor Pat M. Neff of Waco, in Cameron for the week as counsel representing apellants in the litigation involving division of the late Lizzie B. Wilson estate, in district court, has been a most welcome guest to the city and on Tuesday was speaker at the session of the Lions Club.

Mr. Neff is accompanied here by his son, Pat Neff, Jr., who is associated with his father in the practice of law in Waco. The former governor's striking personality together with his wide acquaintance here, has brought forth the hospitality of the "Friendly City."

Anticipation that the former governor might amplify his statements to a news reporter recently in his home city of Waco, when asked about his support of Governor Smith for the presidency, has found no realization, as Mr. Neff has been strictly noncommital on matters political, being in attendance at court. While showing a keen interest in the developments at the state convention in Dallas, the former governor, has had no comments to make for publication.

Governor Neff is now a member of the Board of Mediation, a tribunal for the settlement of labor disputes, set up by the Federal Government, a signal recognition by the government. He spends much of his time in Washington and in other sections of the United States. He is one of the outstanding Baptist leaders of the South,

JESSE DAVIS IS DEAD IN RIVER ACCIDENT

DROWNS WHILE SEEKING TO SAVE TEAM CAUGHT IN STRONG CURRENT

Jesse Davis, 30, was drowned Friday afternoon in Little River near the site of the old McCown Bridge when he was caught in the swift current after an unsuccessful attempt to release his team of mules suddenly caught in swimming water.

Witnesses to the accident said that Davis had driven into the stream with barrels to haul water. The team plunged off a sand bar and were caught in swimming water where the current made a sudden bend in the river. Davis sought to unhook the harness from the wagon to release the mules when the entire wagon went down. Davis fell between the mules and disappeared, evidently standing on the tongue of the wagon.

Terrified witnesses, including his wife who stood on the bank horror stricken, were powerless to render aid.

Funeral services for deceased were held at 2 p. m. Saturday with Green Bros., directing the arrangements. Rev. P. T. Ramsey of the Methodist church conducted the services.

Mr. Davis was drowned about 2 p. m. half a mile above the new bridge Abe Cohen and Sam Hefley, who were fishing nearby, witnessed the tragedy and said that Mr. Davis and his wife drove down to the river in a wagon with a barrel to haul some water. She alighted and stood on the bank when he drove out into the stream. Apparently one of the mules stepped off into the deep water, dragging the other after it. Seemingly Mr. Davis tried to walk out on the wagon tongue to release the mules and went under with them and was drowned.

A crowd thronged the river bank as news of the accident spread and efforts to recover the body were started. At 4:30 it was dragged to the bank by Guy Pope and Preston Laird who were using a weighted hook which caught in the man's clothing. Divers had been unable to find the bottom, the water was so deep at this

TEXAS IS FOR SMITH SAYS SAM HEFLEY

REPRESENTATIVE BACK FROM STATE CONVENTION WITH OPTIMISTIC REPORT

Representative Sam Hefley has returned from Dallas where he attended the State Democratic Convention as a delegate from Milam County. Mr. Hefley cast the vote of Milam in the convention and being a strong supporter of Governor Al Smith for the presidency, represented the views of the people of this county who have just returned him to a second term in the Texas Legislature.

Mr. Hefley left Cameron Monday for Dallas to be in at the pre-convention meetings of the Democratic leaders and to give them the benefit of his support in keeping the party regulars in control. Unseating of contesting anti-Smith delegates from Harris, Dallas and Wichita counties was in accordance with the view of Mr. Hefley.

Mr. Hefley brings back an optimistic report from the leading Democrats of Texas who believe that Governor Smith will receive one of the largest majorities ever given a presidential candidate in Texas.

GENERAL MOTORS IN AGENCY APPOINTMENT

SCHILLER MOTOR CO. GETS PONTIAC AND OAKLAND AGENCY

The Oakland Motor Car Company, announces another addition to its rapidly growing dealer organization in the appointment of Schiller Motor Co., as Oakland-Pontiac dealers here for the Oakland All-American Six and its companion car, the smart New Series Pontiac Six. The public is invited to visit the showroom and inspect the various models comprising the new lines.

The huge Oakland-Pontiac sales group with which the new dealers are now identified, has shown one of the most remarkable growths in the entire automobile industry. With nearly 5000 dealers throughout the United States, it now is more than five times the size of the 1925 Oakland dealer organization. The factory sales personnel and the district sales offices at important key cities have been expanded greatly to meet the needs of the growing dealer group. W. R. Tracy, vice-president in charge of sales, has appointed six regional sales managers to supervise the district offices and constitute a means of ready contact between the factory and the sales forces in the field.

A. R. Glancy, president and general manager of the Oakland Motor Car company, believes that 1928 will be the company's greatest year. Tentative pans contemplate the production

J. P. Love To Remain As Pastor Episcopal Church in Cameron

Rev. J. P. Love who has had under consideration a call to the Episcopal church in San Angelo, will remain in Cameron and the members of his church as well as the people of the city will be pleased to learn of his decision.

Mr. Love has many ties that bind him to the good people of Cameron and while the call at San Angelo was attractive and impressive he cannot leave the good people here and the church he has served so well in the past few years.

Recently Mr. Love visited San Angelo. On his return here it was learned that he was considering the call there. His members petitioned him not to accept and he has elected to stay in Cameron.

Publication of news that he had under consideration a call to the church at San Angelo, indicating what may have been considered plans for moving there, was without his knowledge, he says, and nothing official has been announced by him except his declining the call there and will remain in Cameron.

JAMES SULLIVAN

Business Manager Athletics A. & M. College of Texas

Sullivan Announces Texas Aggie Schedule For 1928 Football

Six of the ten football games on the schedule of the Texas Aggies this season will be payed on Kyle Field at College Station, James Sullivan, business manager of athletics of the A. & M. College of Texas, who paid a brief visit to Cameron, Wednesday, pointed out. Mr. Sullivan, who was accompanied by Curtis Vinson, director of publicity of the college, had placed on display while here a number of large illustrative posters giving the schedule of the Aggies whose first game of the new season will be at College Station, Sept. 22, when they meet the team of Trinity University from Waxahachie.

Sport fans who live within driving distance of the college will find the home schedule of the Aggies this year one of much interest, Mr. Sullivan said. Beginning with the game with Trinity University, Sept. 22, the six games scheduled for Kyle Field include those with Southwestern University, Sept. 29; Centenary College of Shreveport, La., Oct. 13; Texas Christian University of Fort Worth, Oct. 20; North Texas State Teachers College, Nov. 3, and Rice Institute Nov. 17. This schedule shows two conference games for Kyle Field this year, those with T. C. U. and Rice.

Of the other games, two will be played in Dallas, one with Sewanee Oct. 6 and the other with S. M. U. Nov. 10. The Aggies will meet the Arkansas Razorbacks at Fayetteville, Ark., and the Texas Longhorns at Austin.

Of especial interest to those who plan to see the games at College Station this fall, will be the game with the Centenary Gentlemen. The Louisiana boys were undefeated last season, gaining among victories a triumph over the Southern Methodist University Mustangs. This year they have adopted as their slogan, 'Beat Those Texas Aggies" and are pointing to the game with the Southwest Conference champions of 1927 as the hardest of the season.

Texas Christian University and Rice Institute boast the strongest teams for the new season they have had in years and the games with these two conference teams promise plenty of interest for the fans. Last season the Horned Frogs held the Aggies to a scoreless tie, being the only team the Aggies did not defeat. The Owls last season held the Aggies to two touchdowns, one of the lowest scores of the season for the latter team.

Trinity University and Southwestern always put up their best games

1034 ENROLL FOR TERM IN SCHOOLS

WHITE SCHOOL REPORTS 814 AND NEGROES 220. BIG YEAR ASSURED

The Cameron Public Schools opened Monday, September 10th. Monday was given over to registration and classification, with regular class work beginning Tuesday morning. The enrollment to date in the Yoe High School is 325, Ada Henderson School 470, West Side Grammar School 19, making a total in the white schools of 814. Enrollment in the Colored School totals 220 to date.

There have been 163 white transfers to the Cameron District to date, most of these being enrolled in the high school under the provisions of the High School Tuition Law. 75 negro transfers have come into the Negro School.

Commercial subjects in the high school are unusually popular. About 80 pupils have registered so far for typewriting, 32 for shorthand and 36 for bookkeeping.

The Industrial Arts work, begun in the sixth and seventh grades last year, has been extended to provide a full period for manuel arts on alternate days, with separate sections for boys and girls. New tools have been purchased for the boys' shop work from the money raised by the sale of old newspapers and magazines. Both boys and girls are showing a lively interest in this work, and plans are under discussion for the erection of a separate shop to house the Industrial Arts Department.

Imposing Array Of Legal Talent Here For Land Suit Case

The Grand Jury re-assembled Wednesday at 9:00 o'clock after a recess since last Thursday. The trial of the case of Kate Rogers et al vs. Jennie M. Porter et al involving suit for tenth interest in the Lizzie B. Wilson estate under an alleged payroled trust executed in 1884 from W. S. G. Wilson, deceased to his wife Lizzie B. Wilson, began Monday and is still on trial. The jury has been secured and the court has been busy hearing demurers and exceptions and no evidence has yet been adduced, but will likely begin this afternoon. Neff, Hale and Neff of Waco and M. G. Cox of Cameron are representing the plaintiff while Henderson, Kidd and Henderson, Cameron; Graves and Wilcox of Georgetown and E. A. Camp of Rockdale are representing the defendant. The case will probably require more than a week for trial.

BOY SCOUT SERVICES AT BAPTIST CHURCH

J. HALE OF WACO TO SPEAK FOR BOY SCOUT MOVEMENT HERE

In line with the program for the Boy Scout work in Cameron the members of the congregations of the churches of Cameron will hold a union service Sunday night at the Baptist church.

J. Hale of Waco, noted Boy Scout executive will address the assembled people in behalf of the scout movement.

In the beginning of the Scout movement the churches each sponsored a scout troop and this meeting Sunday night is in furtherance of the movement here.

City Wide Revival Meeting By Hogg Evangelistic Party Will Begin In Cameron October 11

Will Hogg, the Evangelist and his party of workers are coming to Cameron in the first city wide religious campaign since the days of Hamm and Ramsey back in 1914.

People of Cameron remember the work of the Hamm and Ramsey meeting and the turn over of the city as a result of that campaign. Many were induced to join the church and

sponsored by the churches join-

ing in the movement, based on coun-

ty wide campaigns. The Hogg party is said to be one of the

most powerful evangelistic parties ever to campaign for the lost in Texas and the South.

The Will Hogg Party enjoys a wide reputation and the four weeks campaign has been endorsed by the pastors in meeting here. The matter has been put up to the churches and all but one of the protestant bodies have assented.

GAUSE NEWS

Mrs. G. R. Varner, Mrs. A. Varner, Mrs. R. E. Doty, Mrs. L. S. Cunningham and Mr. Thomas Grey Ferguson were Temple visitors Thursday.

Miss Helen June Tidwell has returned to her home in Austin after several months visit with her grandmother, Mrs. J. W. Partridge.

Mr. and Mrs. Merns Donaldson of Texarkana, Ark., are visiting B. T. Godfrey and family.

Members of the Baptist church of Hix brought a concert to Gause Tuesday night. A large crowd of Gause people enjoyed it very much.

T. C. Wilson, B. Folmer and W. H. Bailey were in Cameron Wednesday on business.

District Superintendent of the Nazarene Church held services here Thursday night.

Mr. and Mrs. Lee Braum of Milano visited Mr. and Mrs. Allen Varner Wednesday night.

Mrs. T. C. Wilson, Misses Ariel and Edrie Wilson and Mrs. H. O. Lee were in Cameron last Monday.

Mrs. L. J. Bowling is visiting her daughter, Mrs. Leon Hickman in Beaumont.

Mrs. R. E. Doty has returned to her home in Houston.

Misses Emma Howard and Elaine Thomas are visiting their aunt, Miss Ella Moore in Franklin.

Rev. Kendall of Waco preached at the Baptist church Sunday.

Mrs. Tom Evans of Houston is a guest in the home of Mr. and Mrs. A. Varner.

D. K. Lankford of Brenham was a Gause visitor Saturday and Sunday.

Mrs. Chat Chritchfield visited her sister in Cameron last week.

Homer Nabours and family have moved to Cameron. Gause hated to lose this fine family but we hope they will like their new home.

DEMONSTRATION HELD

Monday and Tuesday at the Milam County Hardware Company factory representative, Mr. Yates, demonstrated the Detroit-Jewel Gas stove with cooking at 4:00 o'clock in the afternoon of each day.

Mr. Yates also demonstrated the Everhot Water Heater. A large number of women attended. The company now has in transit a car load of gas heaters.

"All Good Eats—And Coffee Too"

BUT THEY'D RATHER DANCE THAN WORK

If we could just corrall all the energy that is wasted on no account activities and direct it along lines that amount to something the world would surely be much better off. The police stopped a marathon dance the other day at the end of the 481st hour. Just think of a fellow dancing 481 hours at one stretch. That's enough energy wasted to milk 1000 Jersey cows or plow 240 acres of northwest Missouri corn, or preach 720 sermons, or attend 3000 prayer meetings, or cook 1200 good dinners, or chop down 2000 trees, pitch 600 tons of alfalfa hay, or carry 5000 bouquets to sick patients in the hospitals of this country. So says Dekalb Herald.

Brady Milk Works

A committee of Brady business men is at work to raise $100,000 locally in stock subscriptions to secure the location of a proposed powdered milk factory which will be capitalized at $275,000 and will have a capacity of 120,000 pounds of milk a day.

HOME FOR SALE

DODGE SHIPMENTS FOR AUGUST SHOW 43 PER CENT GAIN

August shipments by Dodge Brothers from the plants in the United States and Canada, in both passenger car and the truck and motor coach divisions showed a nincrease of approximately 43 per cent over July. They were greater than any 30 day period during the first eight months of 1927.

Shipments of both passenger cars and trucks are running heavy. Dodge Brothers entered September with large banks of carry-over orders in all divisions and the flow of orders from dealers shows no let up.

August was also a great export month. Shipments for the 30-day period were the heaviest this year. Truck export shipments were the greatest in the entire history of the corporation. August export showed better than 57 per cent increase over the same month last year while export business for the first eight months of 1928 shows a gain of approximately 33 per cent over the same period last year.

"Business is showing up exceptionally well and indications are that the last half of this year will be one of the best last half periods in our history," said John R. Lee, general sales manager.

Getting Out of the Mud

By a vote of about 5 to 1, a road district in Runnels county has voted $525,000 in road building bonds and is expecting the State Highway Department to make $1,000,000 appropriation to aid the project. Texas is gradually getting out of the mud.

STATE OF TEXAS

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not ess than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof:

Notice of Filing Account—
Estates of Decedents

The State of Texas,

To all persons interested in the Estate of W. H. Clark deceased. W. L. Wilkerson administrator, has filed in the County Court of Milam County, his final account and application for discharge which will be heard at the next Term of said Court, commencing the first Monday in October A. D. 1928 at the Court House thereof in the town of Cameron, Texas at which time all persons interested in said Estate may appear and contest said account, should they see proper to do so.

Herein fail not but have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court at Cameron, Texas, September 5th, A. D. 1928.

Lilian Atkinson Clerk, Co., Court, Milam Co., Texas. 19-4tc

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Milam County, a copy of the following notice:

The State of Texas

To all persons interested in the welfare of the Estate of E. Perry Moore, deceased. R. L. Batte was by the County Court of Milam County, Texas on the 8th day of June A. D. 1928 duly appointed Temporary Administrator of the estate of said deceased, which appointment will be made permanent should the Court be of the opinion that a permanent Administrator is necessary, unless the same shall be successfully contested at the next term of said Court, commencing on the first Monday in October A. D. 1928 the same being the 1st day of October A. D. 1928, at the Court House thereof, in Cameron, Texas, at which time all persons interested in the welfare of the estate of said deceased may appear and contest such appointment, if they so desire, said temporary administration having been continued by order of the Court at August term.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this Writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Cameron, Texas, this the 30th day of August A. D. 1928.

BEGIN NOW TO SAVE

First National Bank

Cameron, Texas.

FROM THE FILES OF THE CAMERON HERALD

25 YEARS AGO

Mighty hurricane at Gelveston Island and presents a scene never before witnessed in America. Death list more than 500. The great distress and sorrow and appeal to the outside world for help and Cameron quickly responded. The First National Bank headed the list with $100.

Cameron presented a storm tossed and storm lashed apearance Sunday morning and still the wind and rain kept up practically all day. This city was in the outward part of the inland gale that blew out from the gulf coast. The storm reached here about midnight Saturday night, though it had been raining since about two o'clock, at first a downpour and afterwards a heavy misty rain at intervals. The heaviest of the storm—a dash and a splash, and a clatter and a splatter, as if the wind and rain were playing leapfrog with each other—came at about three o'clock Sunday morning and kept up until after 8 o'clock and finally tapering down and getting more gentle until by noon it had considered that the storm was over. Then the sun peeped out for a few minutes, but immediately hid its face and a misty rain and uneasy wind set in for the day and continued until after bedtime. Fortunately no lives were lost and no injury of a personal nature occured. The damage to property was also slight. In the business part of town scarcely a sign was left swinging but beyond that every thing appeared safe. Our colored citizens seem to have been the greatest sufferers. In connection with the terrors experienced at Galveston, the old smashed up barnes and toppled over trees and twisted shrubbery in Cameron look as if the winds here were simply playing a huge joke. Our loss is but a trifle.

S. B. Ford was united in marriage to Miss Booth Winston at the home of the bride's parents at Minerva yesterday. Rev. L. R. Scarborough officiated. The bridal party left for San Antonio and other points. Mr. Ford is a member of the city council here and the bride is a most charming lady.

Miss Mamie Arnold sold this week the remainder of the J. P. Nelson interests at Ben Arnold, fifty-seven lots to a joint partnership of Ben Arnold gentlemen consisting of Messrs. Phillips, Stewart, Berickman, Love, Scleiller, Medkiff . These gentlemen will offer the lots for sale and will give special prices to parties who desire to erect business or residence houses in that town.

Cotton is 10 cents and upward. Some will hold for a better price.

Mr. Lipscomb Roberts has returned from Dallas where he attended the Metropolitan College.

Alderman and Mrs. Tom peoples and their little daughter, Florence, are in Marlin recuperating.

Attorney E. A. Wallace was over from Rockdale Tuesday.

MOORE-SAXON

On Thursday, September 6, 1928 at 8:00 p. m. Miss Mary Irene Moore of Bryan became the bride of Floy Saxon of Cameron, at the home of the bride's parents in Bryan, the impressive service being read by Rev. Hollman, pastor of the First Baptist church, Bryan. Only the immediate relatives of the bride and groom witnessed the wedding.

For the wedding the bride wore a creation of blue georgette with accessories to harmonize. Following the ceremony a wedding luncheon was served. After a week's honeymoon Mr. and Mrs. Saxon will be at their apartment in the E. S. Hutcherson home in Cameron.

Mrs. Saxon is the youngest daughter of Mr. and Mrs. J. M. Moore. She graduated from Tabor high school with the class of '25. The groom is the son of Mr. and Mrs. G. W. Saxon. He is a valued employee of the Cameron Plumbing Company. Before coming to Cameron he was employed with the A. & M. Plumbers, at Bryan. The Herald offers congratulations to this splendid young couple.

VOICE RECITAL

Miss Eloise Rogers presented four of her music students in voice recital Thursday evening, September 6 at 8 o'clock at her home on East 11th St. The Rogers home was beautifully decorated with cut flowers. The program was given from the music room and the guests were seated in the dining and living room. About fifty guests attended the recital.

Misses Inez Evans, Dora Emily Moore, Florence Atkinson and Lucille McDermott were presented in a varied program of choruses, solos, duets and trios. Miss Rogers was assisted by Miss Ruth Kemp, expression, and Miss Mary Ellen Manning, piano. Those in the recital wore evening dresses. Little Miss Lucille McDermott, dressed in Japanese costume, very gracefully danced and sang, "Japansy." The final number of the program was the chorus, "Goodnight" in which the entire chorus wore costume.

Miss Erin Shaw of Temple was the guest of Miss Rogers on this occasion. She and Miss Rogers met the guests at the door. Miss Frances McDermott passed programs.

Following the musical punch was served. Misses Erin Shaw, Gladys Davis and Maggie Reed McCown presided at the punch bowl.

Miss Rogers received her degree in music from Baylor University this year and has a clear soprano voice. Her pupils show excellent training.

Teachers For Milam County Schools Are Announced For 1928

With a few exceptions the school positions of Milam County have been filled. As yet all contracts have not been filed with the County Superintendent. Contracts on file now are: Virgil Chafin, Katie Bales and Pearl Griffin at Val Verde; Mrs. Nannie L. Kirk, Freda May Prinzing, James M. Bennett and Iva Griffin at Davilla; Helen Hauptfleisch at Pen Oak. Evie La Grone, McKim Massey, Ruth Walker, at Friendship; Ethel Guthrie, Jewell Campbell, at Lilac. Bertha Breazeale, Gussie McDonald, at Duncan; Virginia Guthrie and L. M. Heizer at San Gabriel; Minnie Lee Massey at Union Ridge; Mrs. Olyn Moseley, Mrs. Viva Camp at San Andres; Bernadine Petty and Lorena Massey at School 11; Mrs. Clyde Conoley, Lyngle Gregory at Conoley; Vashti Smith, Myrtle Oldfield at Nile; Mrs. Chas. Murphy, Mrs. Ivy Tidwell at Gay Hill; H. C. Baker and Jewell Smitherman at Fairview; Mauverine Cash at Watson Branch; F. M. Browder at Pleasant Hill; Wilam Garrett at Oak Hill; Lloyd F. Green, Mrs. Lloyd F. Green at New Salem; Annie Holscher, Mrs. Melvin McCoy at Sipe Springs; Dorothea Lee, J. D. Reese and M. F. Blansett at Sandy Creek; Mrs. C. C. Porter at Sand Grove; Mrs. Grace Eiland at Bushdale; Pearl Corley, Lucile Wilson, and Doreen Orr at Minerva; Virginia Butts at Hoyt; Mrs. D. F. Robinson and Thelma Hartley at Liberty; Marietta Boyd at Watt Switch; Katherine Leath and Boliver Carlyle at Two Mile; Elizabeh Adams at Six Mile; Nora Duncan, Mrs. Vance Werner at Curry; Ruby Good at Elm Ridge; Willie Modesette, Elaine Jackson at School 48; Daura Rettig, D. A. Bounds, Velma Turner, Viva Glover at Ad Hall; Mr. and Mrs. C. H. Jennings at Buckholts; Keith Judkins at Corinth; Sue Ida Smith, and Mrs. S. M. Corley at Bryant Station; Otilia Wilkerson, Mayselle Gibbs at Fox; Mr. and Mrs. Fred Hodges at Yarrelton; Lloyd Woods, Gussie Hubert and Mrs. Sam Houston at North Elm; L. F. Hrncir, at Marak; Eleanor Hatchett at South Elm; Thrace Easley, Bertha Mikulencak at Ben Arnold; George R. Angell and Mrs. Bob Brown at Walker's Creek; Cora Mae Link at Belmena; Mary Kelso, Mildred Massengale, Mrs. Doa Linam at Maysfield; Mrs. C. F. Robinett, Pauline Green, Ruth Nunnely at Branchville; Inez Newman, Roy C. Hensey, Nell Mayes, Jones Prairie; Mrs. C. E. Porter at String Prairie; R. W. Edwards, Helen Jennings, Gusta B. Vogel, Verna White, Tommie Lee Richards at Talbot Ridge; Mrs. I. L. Nunnelly, Mrs. Clyde Harris at Tracy; Isaac Suttle, Millie Slovacek, Bettha L. Goodwin at Briary Sallie Pearl Henson, at Caddo.

Babies must be protected from flies. Besides their torment and torture, flies transmit over thirty different diseases. Any one of which may prove fatal. Every fly you see must be killed. INSIST upon and get the scientific product developed at Mellon Institute of Industrial Research by Rex Fellowship. It is fragrant and harmless to mankind but sure death to all household insects. Just follow instructions on blue label of bottle. Insist on FLY-TOX from your retailer.—Adv.

BOLONEY

This week at Albany, the camera men that have swarmed around the state house since Governor Smith's nomination for the presidency thought they saw a chance to put the candidate into a new and interesting pose. He had just inspected a new state building and the newspaper men invited him over to a pile of building material and chorused: "Come on Governor, you put on a pair of overalls and lay a few bricks. It will be great publicity. Coolidge got to be president by mowing alfafa'. To which Gov. Smith replied: "No, nothing doing. That would be a baloney picture. Everyone knows that I can't lay bricks and if a real bricklayer caught me at it he would say boloney, too. Nothing doing."

This is a new note in national campaigning. We wonder how it will succeed. The American people are accustomed to certain fixed brands of bunk from their chosen national standard bearers and it is a close question in my mind whether a candidate who disregards these features of the well-regulated campaign ballyhoo can make the grade. Gov. Smith is a daring man. To me and to others well-known to me, it would be a relief, akin to the lifting of a mule's foot from the human thorax, if all political candidates woud refrain from posing before news cameras disguised as cowboy, trout-fishermen, locomotive engineer, grain thresher, woodsman with an axe and all other silly and unnatural gestures. Some of us are weary to the point of prostration of White House news-posing of recent years, say from Roosevelt's day to date. We hope that Al Smith really means what he says. We do not object to his holding a cigar in the left-hand corner of his mouth, nor to his opening his face like a garage door each time he smiles before the camera. These are natural attitudes and a relief from the long, solemn face. But, are the opinions of newspaper men in such matters safe criteria? The tricks of the ballyhoo to us so familiar as to breed disgust. The regular movie fan or newspaper reader does not understand publicity processes and when he sees Gov. Smith laying bricks he accepts the scene as real and the Governor as a fellow son of toil. The expert bricklayer would not "fall" but he might only laugh. So says Marlin Pew.

THINK IT OVER

Shop in Cameron.

Why? Let us get down to cold business facts, and discuss the points as they affect you.

First, you see what you are buying. If you send for an article, you are always gambling on the possibility that it may be too small, too large, poorer in quality than you expected—the most ably written catalogue description fails to give you an idea of the quality of the goods. If you return the article, you have lost time, been at the bother of wrapping and mailing it, and are disappointed into the bargain. If you keep it, you have an article you dont want.

Second you can really save money by shopping in Cameron. The large city stores, in order to meet the strenuous competition that confronts them, have long followed the practice of offering "loss leaders." These are the bargains they dangle before you. Certain items are priced below cost for the purpose of drawing customers into the store. The management balances up for this loss with high prices on other merchandise. Don't brag about one unusual bargain you picked up before you have carefully checked on the other items you purchased.

Third, if you buy from your merchants they can afford to buy from you. It is merely a case of reciprocity. Money will be kept in the community. Community improvements can actually be realized.

It is just a business proposition. It will pay you to buy in Cameron.

WHILE CONGRESS SLEEPS

A generation ago the politician offered himself as the great hope of the American people. He promised to correct all the evils and iniquities in the social system; to reduce prices, increase income, and generally raise the standard of living. We still recall the thunderous applause that greeted the declaration of Senator Beveridge in 1912 in his pledge to "pass prosperity 'round."

But while the political leaders were talking about what they were going to do the inventors and business managers actually were busy in doing something. They introduced and perfected machinery until every worker had a gang of mechanical men working for him. They organized business on a more efficient basis. They worked out the possibilities of mass production. As a result prosperity sneaked up on us, bringing its higher standard of living while congress was still debating what to do.

OUR TOWN

(continued from page 1)

Forum, the governor's own paper, he announces the suspension of publication, due he says to a decline in support by readers. Mr. Ferguson has wielded an amazing political influence in Texas for the past decade and it is said commands the largest personal following of any man who ever retired from the office of Governor. The Forum has been the mouthpiece of the Ferguson policies for the past eight years or more and was read with interest by hundreds of thousands of Texas people each week. Recently in the Austin American Hugh Nugent Fitzgerald, noted Texas political writer, commenting on the close of the Ferguson career said that the former governor had been right more times than he had been wrong. Fitzgerald is an anti-Ferguson Democrat. While the suspension of the Forum may not close the political career of the former governor, it is certain that his influence has been reduced somewhat by reason of his support of Earl B. Mayfield against Tom Connally. The Ferguson vote did not follow their leader into the Mayfield camp, marking the first definite break with his leadership.

Goodland, Ind.,
September 4, 1928,
Editor Herald,

"My purpose in writing to you is to say to you that for more than forty years I have been making a collection of things old and curious from all over the earth for the education of the boys and girls of this great Nation without any hope of an earthly reward. There may be found something from everywhere. The Open Door Museum is not a money making proposition as no admission fee is ever charged. It is my desire to obtain every word that the great historians of the South have ever written in regard to that awful struggle that raged in this country from 1861 to 1865. If for the sake of the boys and girls of the country you can see your way clear to publish this letter, perhaps some of your readers may write me and send me some of these things."

Very respectfully,
Augustus Dwight Babcock.

FORMER GOVERNOR NEFF HERE IN TRIAL OF CASE

(continued from page 1)

being a member of the executive committee recently called to Atlanta to investigate the shortage of more than a million dollars in the funds of the Home Mission Board, said to have been discovered when Clinton S. Carnes, treasurer, disappeared.

Governor Neff succeded Wm. P. Hobby as governor in 1921 and served four years, being followed in that office by Mrs. Miriam A. Ferguson. While the administration of Governor Neff was not fruitful of major governmental achievements in the ordinary term of Appraising administrations, he served with distinction and with honor to his state. His term of office was featured by the abolishment of the board of pardons advocated in his campaign. A system of state parks was begun under his administration and the state highway commission launched its first major road program for Texas. At the close of his administration the former governor took an active part in the national campaign then waged in Texas in opposing Wm. G. McAdoo, pleading for but losing the verdict for a uninstructed delegation to the New York convention.

The Klan controlled convention at Waco was hostile to the governor because he had advocated an uninstructed delegation which was construed to mean opposition to McAdoo. He spoke at the convention.

At the close of the campaign he went to New orYk independently and remained there during the national convention, though not a member of the Texas delegation. His opposition to McAdoo came about as a result of the disclosures in the Teapot Dome scandal which resulted in showing that McAdoo had been retained as counsel by Edward L. Doheney in other oil transactions.

Governor Neff is a life long prohibitionist and one of the outstanding dry leaders of the nation. He was strongly advocated for the presidency by dry forces in 1924 and later as vice president. It is likely that the nomination of Governor Smith does not meet the views of the former governor in many respects, and although he has been asked if he will support the New oYrk Governor, he has declined to comment, and friends here believe he is non-commital because of his membership on the Federal Board of Mediation but will remain loyal to the party.

At the Lions Cub luncheon Tuesday at noon, Dr. James Watson was in charge of the program rendered. Former governor Patt M. Neff of Waco, Judge Graves of Georgetown and E. A. Camp of Rockdale made informal talks at the luncheon. J. H. Thomas of Gause was aso a visitor of the club.

Governor Neff is a life member of the Lions Club and spoke favorably of the local club.

Schiller Motor Co.

(continued from page 1)

and sale of 270,000 motor cars, 42 per cent greater than the sales of 1927. The 1927 sales total of 193,000 units was itself 41.5 percent larger than the sales during 1926.

The remarkable growth in Oakland-Pontiac sales is the most convincing endorsement of the company's policy of pioneering important new developments. Such features as Duco, four-wheel brakes, the rubber-silenced chassis, oil and fuel filters, air cleaners, crankcase ventilation, automatic spark control and depressible control have contributed greatly to the fame and prestige of the Oakland Six.

The Oakland All-American Six, with beam head lights operated by foot a new and larger engine, longer wheel base and many other improvements incuding the "anti-knock" G. M. R. cylinder head has contributed further to the company's success. Another feature on the Oakland All-American Six is the gasoline pump which replaces the conventional vacuum tank.

Both the G. M. R. cylinder head and the fuel proved so effective upon the All-American Oakland Six that they were included on the New Series Pontaiac Six introduced at the automobile shows early in the year. The Pontiac Six also adopted four wheel brakes and other mechanical advancements such as crankcase ventilation, improved carburetion and manifolding, new clutch and steering assembly. The higher compression made possible by the new cylinder head and highly perfected carburetion has greatly increased the power of the New Series Pontiac without alteration of piston displacement.

Other new Pontiac details are semi-coincidental lock, dash gasoline guage and a combination backing, tail and stop light which enables the driver to illuminate the street behind his car while backing out.

The most radical improvement in the New Series Pontiac Six is the thermostatic unit which permits the "cross flow" radiator, controlled by a water to circulate only after it has reached the temperature at which the engine operates most satisfactorily.

As the name "cross flow" indicates the radiator is horizontal instead of the direction of the water current in vertical as in the case in ordinary ra- from the engine into a tank at one diators. The hot water is pumped side of the 384-inch core, flows across to a cool water tank on the opposite side of the core and from there is returned to the engine.

The most important advantage afforded by this new system is the practical elimination of evaporation. Even alcohol and other volatile anti-freeze fluids are retained in the cooling system with a surprisingly small loss. Hhis is due to the fact that the hot water and vaporized water or alcohol coming from the engine pass through completely closed passages which leave no access to the outside air. The hot water tank is not connected with the radiator filling cap from which the conventional radiation systems often permit vapor to estape. Instead the "cross-flow" system forces the hot watr and any accompanying vapors completely across the full width of the radiator core, cooling and condensing the vapors which thus return to fluid state before reaching the cool water tank on the opposite side of the core. This cool water tank extends up along the side and across the top of the core to the filling cap. Incidentally, the core of the new "cross flow" radiator is made of copper instead of brass.

Soon after the "cross-flow" had proved its superiority on the New Series Pontiac Six, the same type of radiator was installed on the Oakland All-American Six. All models of both lines of cars now carry this important development.

The mechanical merits of the long-lived Oakland and Pontiac chassis are matched in the beauty and comfort of the modish, low-swung Fisher bodies which gleam in smart three-tone tints behind their high narrowed radiators. The Schiller Motor Company is presenting the New Series Pontiac Six and the Oakland All-American Six to the public, offers the last word in up-to-date engineering practice and skilful body-building at a price range of from $745 to $1265 f. o. b. factory. Besides the above prices for the standard models of the Pontiac and Oakland Sixes motorists who demand the ultimate degree of dashing appearance may obtain at extra cost any Oakland Six model equipped with a collapsible rear trunk rack and six wire wheels, the two spares being carried in special wells on the front fenders.

With the Oakland Motor Car Company at its highest capacity for precision production and with both lines of six-cylinder cars enjoying a high measure of public favor, the Schiller Motor Company is confident that these products will gain an outstanding position in this locality.

MOODY TO VOTE FOR AL

Says Hope for Prohibition Lies Within Democratic Party. Not Outside of It

Dallts, Tex., Sept. 11.—Governor Moody, addressing the democratic convention placed himself on record tonight as unequivocally in favor of the presidential candidacy of Governor Smith and the democratic national and state tickets.

"I never intend to backstep on prohibition," Moody said. "I opposed the nomination of Smith before the national convention but I accept the decision of the majority and feel it my duty to vote for Smith. The record of the republican party has been one of corruption in high places. Hope of enforcement of the prohibition law lies within the democratic party, not outside of it, and I hold it my duty to support the nominees of that party.

Regular democrats of Texas tonight 'cordially endorsed" the national party platform and in the same document called on all officers of the government and all members of the party to "rally for the destruction of the traffic in alcoholic liquors."

Misses Oleta Jackson and Maurine Lovick were business visitors in Rockdale Monday.

Howard White and Misses Eula and Mae Smally of Rogers were business visitors in Cameron Monday morning.

Sullivan

(continued from page 1)

against the Aggies. The game with the North Texas State Teachers College this year, however will be the first conflict for the Aggies with team from that college.

Training at the A. & M. College of Texas was opened Monday, Sept. 10, Mr. Sullivan said. Fifty-six men reported for the early grind in preparation for the season and Head Coach Dana X. Bible and line coach Chuck Bassett are putting the players thru an intensive period of training in the brief time that remains prior to the opening game. The coaches are meeting the players four times a day, twice on the practice field and twice in blackboard and rule discussion. This schedule will be followed until Sept. 22, the day before the initial game of the season.

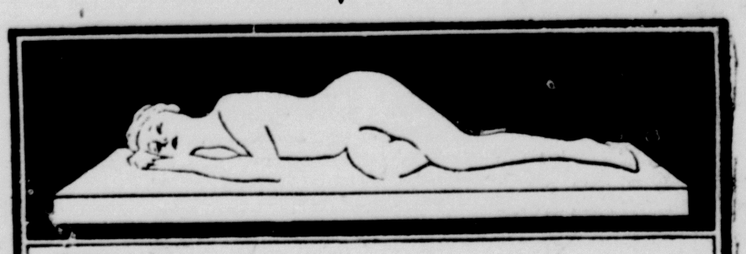
The Aggies have eight lettermen back this year, these being: Capt. Z. W. Bartlett, Marlin; R. J. Petty, Decatur. C. E. Richter, Laredo; Pinky Alsabrook, Cisco; R. R. Dorsey, Fort Worth; H. E. Burgess, Hale Center; P. C. (Happy) Colgin, College Station and W. E. Davis, Stephenville.

Captain Bartlett, Alsabrook, Petty and Richter form the nucleus for the new line, Alsabrook having been shifted from backfield to line. The backfield materia includes the lettermen, Dorsey, Burgess, Cogin and Davis and others outstanding in the list take in Conover, Varnell, Zarafonetis from the freshmen ranks of last year; Frank Ish of Waco and numerous others.

Mr. and Mrs. Earl Kennerly and Mrs. Wood Green of Austin were Sunday visitors in the home of Miss Annie Stallworth. Miss Katherine Weaver accompanied them home.

Fred Childress left Sunday for Temple where he will be in the empoyment of the Frigidaire Corporation.

Mrs. Flora Criddle and Mrs. U. S. Browning and daughter, Elaine, of Waco, spent the week end in the home of Mr. and Mrs. Fred Cable.



Rest

All substance eventually yields to the inevitable; each human must rest from his earthly labors, leaving in his wake the cherished memories of sorrowing relatives and friends

At such a time we are desirous of taking care of the many details necessitated by this sad visitant and can do so with sympathetic understanding.

Let us lighten your burdens
It is a perfected art with us.

Former Governor Patt M. Neff of Waco and Hon. Harry Graves of Georgetown are attending District Court here.

Mrs. J. F. Howard, Miss Mittie Lou Howard and Miss Cornelia Gunn attended the wedding of Miss Lois Young of Temple to H. F. Keller of Waco Tuesday evening at eight o'clock at the home of the bride's parents, Mr. and Mrs. A. J. Young.

Miss Annie Hosely, Brennon Morris and Vance Hopkins of Buckholts were Cameron visitors Sunday.

Charles Smith of Tracy visited some of his old time friends in Cameron on Tuesday.

Melton Mormon, Mittie Lou Howard and Estele Clark will attend Baylor University this year. They will leave Thursday to enroll for freshman work.

Tebow Cone will leave this week end for Texas Tech at Lubbock to resume his school work as a member of the sophomore class.

CARD OF THANKS

The ladies of the Christian Church take this method of thanking the merchants and citizens of Cameron for their corporation and the courtesies extended them in the recent Style Show direced by Mrs. Guinn of Taylor.

FRED ROTH DIES

Fred Roth, aged 76, died suddenly Wednesday afternoon at the home of Joe Thompson in Cameron. Mr. Roth was a native of Germany, but came to the United States when a young child. He had been a resident of Milam county for approximately 25 years, having been in the employ of dairies of this section most of that time.

Mr. Roth dropped dead Wednesday at 1:30 oc'lock just before starting his usual evening work at the Thompson Dairy. So far as can be learned Mr. Roth leaves only one living relative, a half sister whose home is in Cincinnatti.

PROFESSIONAL WOMEN IN MEETING TUESDAY

MRS. META McCOWN MAKES INAUGURAL ADDRESS AS PRESIDENT

The Business and Professional Women's Club held their first meeting Tuesday evening at the Country Club after a vacation of one month, during the month of August.

The new president, Mrs. Meta McCown, presided and gave her Inaugural Address. She was warmly welcomed into the office by the members. She made known her plans for the year and gave out her committee appointments and discussed in general the work for the club. It was decided to have a Year Book and Miss Mary Lake Henderson was appointed chairman for the Year Book.

Roll call was answered to by giving an account of "where, and how you spent your vacation, and the most thrilling event connected with it." Some very amusing accounts were given especially by Misses Rose Rischar and Wilyne Hyde, who were on the ill fated ship that was lost in the storm, and caught fire while in mid-ocean, respectively.

The new president's inaugural address was given in a most entertaining manner and differed from a political speech, since she will preside over feminine subjects only. Miss Annie McLane, chairman of the Emblem committee, gave an interesting talk on the origin of the emblem, its usuages and value of it to the club.

Miss Jennie Shirley gave a report on her attendance at the State meeting at Abilene and Miss Rose Rischar gave a report on the National meeting which she attended in New Orleans in July. Both reports were much enjoyed. While at the National meeting, in the citations for group or individual details, Miss Rose was cited as being the most appropriately dressed for a business woman, which reflected credit on the Cameron Business Women's Club. The Texas delegation was complimented on their adopted uniform, that of representing the State flower, the Blue Bonnet.

On the 8th of January 1929 the club will sponsor the famous play, "The Family Up Stairs," which is one of the best and proved a most popular play having run in the East at the leading theatres for weeks and months. The play will be given by an all star cast out of New York City.

Various committees for the year have been appointed by the president and with the chairman of standing committees as follows:

Finance, Miss Lilian Atkinson.
Education and Program, Miss Mary Lake Henderson.
Emblems, Miss Annie McLane.
Legislative, Mrs. Nannie Bodiford.
Publicity, Miss Delphya Scott.
Personal Research, Mrs. George Fisher.
Health, Miss Rose Rischar.
Public Relations, Mrs. Gladys B. Watson.
Song Leader, Mrs. Bessie Louise Hefley.
Parliamentarian, Mrs. Kathryn K. Robbins.
Membership, Miss Jennie Shirley.
Transportation, Mrs. Cora Cammer.

A salad course with ice tea was served, after which dancing was enjoyed, Miss Mary Ellen Manning presiding at the piano.

Guests present beside club members were: Mrs. Leo Wilkerson, Mrs. H. G. Newton of Maysfield; and Mrs. Van Fosson of Mansfield, Ohio, who formerly lived in Cameron and was a member of the Business and Professional Women's club that existed during the World War. She was Miss Mana Gandy before her marriage and many of her old friends were delighted to greet her again.

JONES PRAIRIE NEWS

By MRS. R. K. FONTAINE

Mr. and Mrs. F. F. Reid and son and his wife of Cameron were Sunday dinner guests of Mrs W. T. Johnson and daughters.

Judge Fontaine and family were shoppers in Cameron Monday.

Mr. and Mrs. Will Hammond and family of near Rosebud spent Sunday at the John Bailey home.

Mrs. Russell Bailey has been confined to her bed the past week; we hope for her a speedy recovery.

Miss Vance McLerran underwent an operation Monday at noon at the Cameron hospital. We are glad to report she is doing nicely.

Mr. and Mrs. Grady Stidham and family of Cameron spent Sunday at the Ben Stidham home.

Miss Willie Mae, Lucille and Beaulah Johnson were employed in Cameron Saturday.

Shoppers in Cameron Saturday were: Mr. and Mrs. Hugh McKinney, and sons; Mr. and Mrs. Will Brown and son; Sam Harrell, Dr. W. J. Fontaine, Mrs. W. T. Johnson, Russell Bailey, Alma McKinney and Mrs. R. K. Fontaine.

The Boswell family of Waco and the Flinn family of Cameron spent Tuesday at the Alma McKinney home.

Mr. and Mrs. Rodney Fontaine were callers at the Russell home and John Bailey home Sunday afternoon.

Mr. and Mrs. Julian Burnett were Sunday guests of the Arthur Burnett family.

A good crowd attended and enjoyed the play given Friday night at the Jones Prairie school house.

Mrs. Eldread Massengale and son are expected to leave the Cameron hospital Wednesday.

Miss Lola Anderson has been ill the past week.

Miss Ethel McKinney was in Cameron Monday.

A number of pupils from Jones Prairie started to school in Cameron and Calvert Monday.

Rev. Dobson has been called for full time preaching at Little River church.

Miss Alyne Anderson is leaving Friday for Houston where she will enter Business College.

Wednesday of last week Mrs. Rodney Fontaine and son Billie motored to Calvert to meet an old school friend and a recent bride, who came through on the train from the Valley to Groesbeck where she will make her future home. Only five happy minutes were spent together before the train pulled out. Mrs. Fontaine and Mrs. Paul Jones had not seen each other for over two years.

Treat your nails Kindly

When building time comes around and you are buying your lumber, keep a little kindness in your heart. Be a Boy Scout and do a good turn.

Buy good lumber, for your nail's sake. Think how humiliating it must be for a perfectly respectable nail to be driven into a poor and vulgar hunk of inferior lumber.

To avoid this, remember our phone number.

"Can you afford to wait?"

Jeter Lumber Co.
Cameron, Texas.

Pick Your Printer--

You choose your clothes with an eye to distinction, when you need the doctor or the dentist you get the best. But—do you discriminate in the printing you have done? Good printing recommends you. Poor printing may ruin your message.

Printing must follow the laws of real art, harmony, balance, proportion; type must suit the object it tells about. For instance, you wouldn't want to advertise a substantial sheet iron stove in airy fairy letters, nor art and pictures in heavy black type. It would spoil your message, fail to fit in with its atmosphere.

We are careful in our printing to make the work we turn out, true samples of art. Our type, inks, paper stocks, workmanship are the best. We will be glad to tell you more about good printing.

Lesson for September 16

PAUL WRITES TO HIS FRIENDS IN CORINTH

LESSON TEXT—I Cor. 1:10-13; 3:5-11, 21-23.

GOLDEN TEXT—Behold how good and how pleasant it is for brethren to dwell together in unity.

PRIMARY TOPIC—Paul Writes a Letter to His Friends.

JUNIOR TOPIC—Paul Writes a Good Letter to His Friends.

INTERMEDIATE AND SENIOR TOPIC—Paul Urges Team Work.

YOUNG PEOPLE AND ADULT TOPIC—Paul Pleads for Christian Unity.

Concerning Contention in the Church (1:10-13).

1. Exhortation (v. 10). "That ye all speak the same thing."

In view of the fact that he besought them in the name of Jesus Christ, the one thing which he desired them to speak was the Lord's name. The name of the Lord stands for all that the Lord is and does. "That there be no divisions among you," that is, no factions, no alienation of affection. "That ye be perfectly joined together in the same mind and in the same judgment."

2. The reason for this exhortation (v. 11).

Word had been brought to Paul by members of the household of Chloe that wrangling was going on among the members of the Corinthian church. He assured them that he had sufficient evidence of the strife which was going on among them.

3. Nature of the contentions (v. 12).

Their disputes were about their teachers. Their interests were centering in their favorite ministers. Some were for Paul, perhaps attracted by his logic; some were for Apollos, doubtless moved by his stirring eloquence; others were for Peter. Doubtless these were Jewish converts who looked to Peter as their authority. There were still others who had as their cry "back to Christ," repudiating all human teachers.

4. The grounds of allegiance to Christ (v. 13).

(1) He is Head of the whole church. The unifying power of the body is the head. He raised the question, "Is Christ divided?" The mere raising of the question gave the answer.

(2) Redemption accomplished.

By his atoning death He has supreme Lordship over all.

(3) Allegiance to Christ acknowledged in baptism. By one Spirit are we all baptized into one body (I Cor. 12:13).

II. Concerning Christian Ministers (3:1-4:5).

Since the dissensions in the church gathered around the ministers, Paul proceeded to cure the evil by exhibiting the ministerial office in its true light. To conceive of ministers as party leaders or teachers of philosophy tends to divisions. Divisions in the church occur when men are occupied with the messenger rather than with the message. The cure in such a case is to get a right conception and proper estimate of human teachers. Ministers really are:

1. Servants of God (vv. 5, 6).

They are instruments in His hands for the execution of His will. They are men sent to deliver a message, to do a definite work.

2. Ministers are equal in rank (vv. 8, 9).

They are called by the same spirit to teach the same truth, and therefore stand in the same relationship. Official hierarchy in the church has no foundation in the Scriptures.

3. Every minister must give an account to God for his work (vv. 10-21).

If he lay other foundation than Christ he is not a Christian minister at all. If he build sound doctrine on the foundation he will receive a reward. If he build false doctrine on a true foundation he will suffer loss and receive punishment. Sorrow and anguish will be to him who builds good material upon a wrong foundation and likewise to him who builds poor material upon a right foundation. Human wisdom has no place in the solemn work of building the church of God.

4. Ministers are the property of the church (vv. 22, 23).

Frequently the assumption is that the church is owned by the ministers. Ministers should be followed only as far as they follow Christ.

5. Ministers are God's stewards (4:1-5).

Their business is to dispense His truth. They do not originate the message. God demands fidelity on their part and He will enter into judgment with them as to their faithfulness.

Proof of a Divine Reality

The best proof of a divine reality at the heart of things is the passion for growth, the desire for perfection, that makes itself felt in all who are sensitive to the possibilities of spiritual attainment.

Being Content

We have been content with a slight elevation above the evils of our time, and not intent on the inward searching, purifying, and consuming of the Holy Spirit.—F. B. Meyer.

WHAT WE THINK

By FRANK DIXON

There are two natures in man, the higher and the lower, the great and the mean, the noble and the ignoble. And he can and must, by his own voluntary acts, identify himself with the one or the other.

We cannot understand the golfer. He says he plays golf for exercise and then hires a caddy to do the work.

It looks like the golfer's perfect day was done. The caddies are striking in various places for higher pay and it is spreading. Pity the poor golfist.

Now that the rich are running both parties the poor who have the most votes are bewildered. Heretofore they have always looked up to the richest party. Now that both parties are absolutely hand in glove with the money power the poor man knows not how to vote.

We have heard many men scream about the sacredness of their ballot, who did not know any more amout voting than we do and by gosh when the votes were counted we had lost out.

We have lost our enthusiasm about this voting business. Therefore we have decided to offer our vote to the highest bidder, both parties have plenty of money and we need it. We reserve the right to reject all bids. We want the public to know we are no cheap skate, good old hard money is what we are after.

We have always heard of the corruptness of political parties. Here is a chance for them to prove their ability to buy votes.

We are afraid that a lot of dry Democrats will become thirsty by election day.

Now that everyone has made up his mind on how he is going to vote we wish they would have the election and have it over with. It would save a lot of time and money and would not change the result a particle, but we are in for more than three hectic months. They have begun to call each other liars now and it will be proved before election.

Do not worry about the poor man. He has always voted for the rich. That was the only thing he is allowed to do without restriction. Now that he must choose which has the most money he sure is up in the air.

Recently in conversation with some representative citizens of Texas we inquired as to their intentions in regard to Al Smith. 'Wall' they answered slowly, 'Al Smith is better than any Republican.'

Anyway our vote is for sale. So far it has done us no good and we had just as well sell it.

Help Wanted Column

"Auto Painters—Experienced Gunmen." It strikes me the Chicago papers ought to take note of this.

I still maintain the younger generation will be exceptionally good when it grows up. I contend this because it will be so fed up on the present freedom it is enjoying, it will have to go to the other extreme to keep from dying of ennui.

I ran into a little boy the other day standing on the corner by the drug store with a smouldering cigarette in his hand. I said to him, "Don't you know that you should not smoke, my lad?" He answered me, "I ain't smoking, I'm watching this fag for a lady what's in a phone booth there talkin."

My heart goes out, my sympathy is extended. I wish I could help the correspondence editor of the Heart and Home when somebody writes and asks her what can be done to straighten bow legs, radically reduce hips and busts, remove skin blemishes and cure soft corns between the toes.

Notice to Debtors and Creditors of the Estate of Francis P. Gleason, deceased:

THE STATE OF TEXAS,

COUNTY OF MILAM,

To those indebted to or holding claims against the estate of Francis P. Gleason, deceased, the undersigned having been duly appointed administrator of the estate of Francis P. Gleason, deceased, late of Milam County, Texas, by Jeff T. Kemp Judge of the County Court of Milam County, Texas on the 5th day of June, 1928, during the regular term thereof, hereby notifies all persons indebted to said state to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence in Burlington, Milam County, Texas, where he receives his mail, this 6th day of September A. D., 1928.

CARD OF THANKS

Take this means through the Cameron Herald to thank Bro. F. F. Reid for $2.50 sent to me of groceries and Bro. F. J. Beckerman's check for $5, Bro. Wm. Henderson's check for $2.50, Brother Mayfield's $1, Brother J. H. DuBois $2.50, Bro. Jose Rodiguez $3 and Brother J. S. Bragg's $2.50. Bro. Du Bois brought the groceries and money. I have no words to express my love to one and all for the brotherly love and help in time of need. I have cried to my Lord till my heart sung with happiness because the Lord is good and wonderful. May the riches of his grace, the riches of his glory of his inheritance, riches of his mercies and the exceeding riches of His grace be to one and all is our prayer and wishes.

Mr. and Mrs. F. A. Hernandez.

OAKLAND
Announces the Appointment of
Schiller Motor Co.
Cameron, Texas

WE announce with pleasure the appointment of a new local dealer who has been selected because we believe his organization will reflect the high standards Oakland has set for selling and servicing its motor cars.

Call on this new dealer. Ask him to show you the Oakland All-American Six, the new car that has won the admiration of all America.

See also the New Series Pontiac Six, with its vivid new style and scores of engineering advancements, including 4-wheel brakes, at no increase in price.

And remember that this new dealer is authorized to sell Good Will Used Cars, available only through Oakland-Pontiac dealers and offering thoroughly dependable transportation at remarkably low prices.

Whether or not you are planning to buy, the Oakland-Pontiac dealer will welcome your visit to his salesroom at any time. Stop in and see him!

OAKLAND MOTOR CAR COMPANY, PONTIAC, MICHIGAN

OAKLAND All-American Six $1045 to $1265
The New Series PONTIAC SIX $745 to $875
All Prices at Factory

Cameron Woman Is In Earth Quake At Pasadena, California

Mrs. Fred Henry now visiting in Pasadena, California, writes of her experiences in the recent earth quake in that city and sends a clipping from the Pasadena Post.

"I have always wondered what a real thrill means, but I think I had a real thrill Wednesday morning when I awoke and my bed began to shake," concludes Mrs. Henry in her letter telling of the quake.

Mrs. Henry has been in California for several weeks visiting with friends. She reads the Herald each week at her address which is 622 East Villa Street, Pasadena, California. The following clipping teing of the quake was received Wednesday.

If you were awakened this morning by a severe tug at your hair, a kick in the back or a dash of cold water in your face, that's nobody's business.

But if your snoozing was interrupted by the gentle swaying of the bed and you looked up to see the light fixtures swinging menacingly and heard the dishes in the pantry rattling that's different, and you were perfectly right in rushing to the telephone and calling he newspapers or the police station to find out what it was all about.

The truth is: An earthquake, so light in this city that it was hardly noiceable, was felt through Southern California from San Luis Obispo to San Diego at about 6:40 o'clock. The temblor was of about 15 seconds' duration.

Dr. Harry O. Wood, research associate at the Carnegie Institute of Washington seismological laboratory of San Rafael avenue, announced that the delicate instrument, designed to pick up very feeble shocks had strongly recorded the temblor and estimated the disturbance to have been approximately 100 miles away.

CURTIS VINSON HERE

Curtis Vinson, former staff writer for the Dallas News, now director of publicity at A. & M. College was in the city Wednesday in company with James Sullivan, business manager for athletics at the college. In another column of this paper will be found a story of the schedule for the Aggies this year in football written by Mr. Vinson and carrying a cut of Mr. Sullivan. Schedules of the 1928 football games have been distributed about the city.

Marvelous New Radio At Green Brothers

The Majestic Electric Radio is now on display at C. N. Green & Bros. store. This radio set is complete and operates with electric current from any plug in your home.

The big feature that makes this set different is the elimination of static. While no set has as yet been devised to completely eleminate static the Majestic is as near perfect as science has been able to approach elimination of static.

C. N. Green in discussing the new set said: "The most rigid tests have demonstrated conclusively its dependable construction, its ability to withstand the most severe shocks, its consistent high performance in the face of all climatic changes."

Mrs. M. W. Longmire of Gause was a guest in the home of her sister, Mrs. Giles Pugh for the week end.

Miss Mary Randolph left for Hearne Saturday to take up her work as a member of the school faculty for this year.

Don't Neglect Your Kidneys!

You Can't Be Well When Kidneys Act Sluggishly.

DO you find yourself running down—always tired, nervous and depressed? Are you stiff and achy, subject to nagging backache, drowsy headaches and dizzy spells? Are kidney excretions scanty, too frequent or burning in passage? Too often this indicates sluggish kidneys and shouldn't be neglected.

Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and thus aid in the elimination of waste impurities. *Doan's* are endorsed everywhere. *Ask your neighbor!*

DOAN'S PILLS 60c
A STIMULANT DIURETIC FOR KIDNEYS
Foster-Milburn Co. Mfg Chem. Buffalo, N.Y.

Mr. and Mrs. Ramon McCloud and Mr. and Mrs. Cecil McGregor spent last week end in San Angelo visiting relatives. The party made an overland trip.

Bill Burns left Sunday for Lubbock where he will attend the Poytechnical School this year. Bill will take sophmore work.

W. F. Ponkonein is in Cameron for the cotton season this year buying cotton. He was formerly engaged in the mercantile business at Ben Arnold and now resides in Taylor. He owned a business there but recently sold out.

Ben Lowenstein, Jr., of Rockdale was in Cameron Tuesday on business. He is one of the live wire merchants of the Regal City.

Home Brew And Gas Will Not Mix, This Drunk Driver Finds

A brick layer employed in Rosebud and said to reside in Oklahoma City, was arrested here Saturday after he had made an unsuccessful attempt to show a blend of home brew and gasoline. The big Jordan Roadster did not understand the deal and in a collision wrecked another car.

Deputy Sheriff Guy Pope and assistant marshal, Joe Richter, took the man in custody and gave him over to Falls county officers. It is understood that a charge of driving a car while intoxicated will be lodged against the man in that county. Officers here point out that to drive a car while drunk is an offense which one can be sentenced to the penitentiary.

REWARD

LOST—Bible case containing Bible, Tracts and pair of nose glasses on road between Buckholts and Rogers. Finder return to Rev. Geo. E. Gray in care of E. M. Sheppard, Temple, Texas.

Soil Building Is Aim of Southern Pacific Program

In cooperation with the A. & M. College, East Texas and local Chambers of Commerce, County Agents, farm papers, bankers and all other organizations and citizens interested in farm development, the Southern Pacific Lines are arranging a Soil Building campaign, beginning Sept. 19th, and ending October 5th.

The best speakers available will participate and meetings will be long enough to bring out the chief points about Soil Building.

Better quality crops is the chief aim though quantity of yields will also be considered.

Owing to the shortness of the time it will seldom be possible to hold more than one meeting in a county and it is hoped all farmers who are interested in better crops will be present.

Already preliminary canvass has been held and about 27 meetings will be held. The exact date for meeting in each county will be announced later.

FRANK STEVKA

Frank Stevka, a farmer aged 59 years, died at Buckholts Friday. Interment was made in Bryant Station Cemetery Saturday afternoon.

C. N. Green and Bros., had charge of the funeral arrangements.

FOOTBALL HOPES HERE SEEM GOOD. PERKINS TO HAVE GOOD TEAM

Wih the opening of the 1928 term of school interest revives in the Yoe High School football squad. Indications are that the school this year will have a strong contending team for the district championship, at least Coach Perkins, hopes to make it interesting for the other teams in the district.

A goodly number of men are available for the squad this year and already signs of activity for the grid schedule is seen.

KNIGHTS PTHYIAS HERE ACTIVE; NEW MEMBERS ARE BEING ENLISTED

Increased activity on the part of the Knights of Pythias here is noted in the receipt on Monday night of three new applications for membership. Jake L. Posey, special district deputy and one of the live wire Pythians of Texas has enlisted two new members. W. L. Wilson, recently made a member also turned in one application.

The rank of Knight was conferred on A. E. Schiller at the Monday night meeting.

Robert McCown, chancellor commander, believes the lodge will have work each night during the fall and winter season.

NOTHING BUT LIFE INSURANCE

Automatic Refrigeration

Is being adopted in this community with a speed that compares very favorably with its progress in other parts of the state, according to Mr. Keith who returned yesterday from a district convention at Houston attended by Frigidaire dealers and salesmen from all territory having its headquarters in that city.

"Reports tendered at the meeting indicated a steady increase in the installation of automatic refrigerating equipment," Mr. Keith said, "and reflected a general expectation of tremendous growth in volume in the immediate future. Automatic refrigeration is becoming recognized as a modern necessity."

Dealers and salesmen in the convention, he said, were enthusiastic over the outlook for the remainder of the year. For the first seven months of the year Frigidaire Corporation's business was reported as being far in excess of that during the same period of 1927.

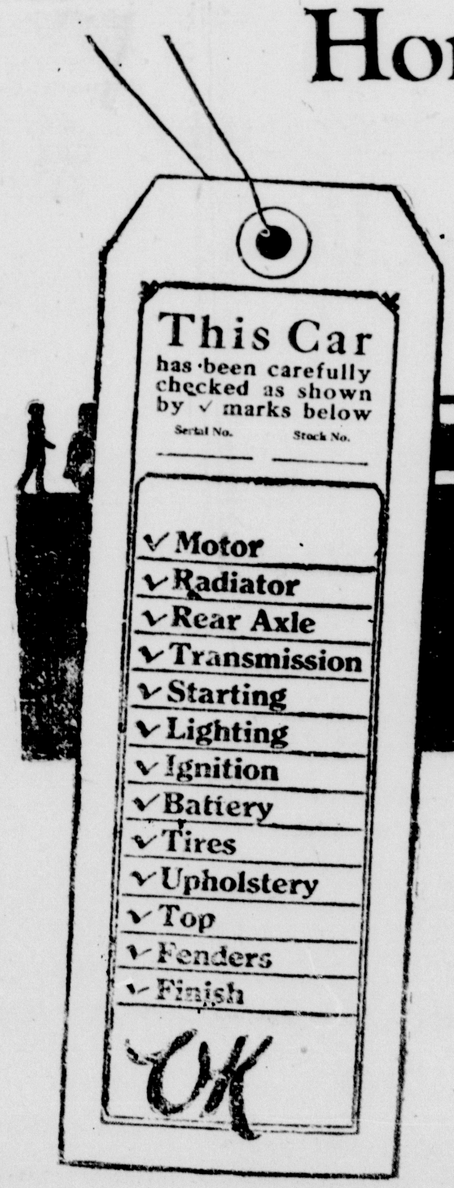
This Tag is Your Assurance of Honest Used Car Values

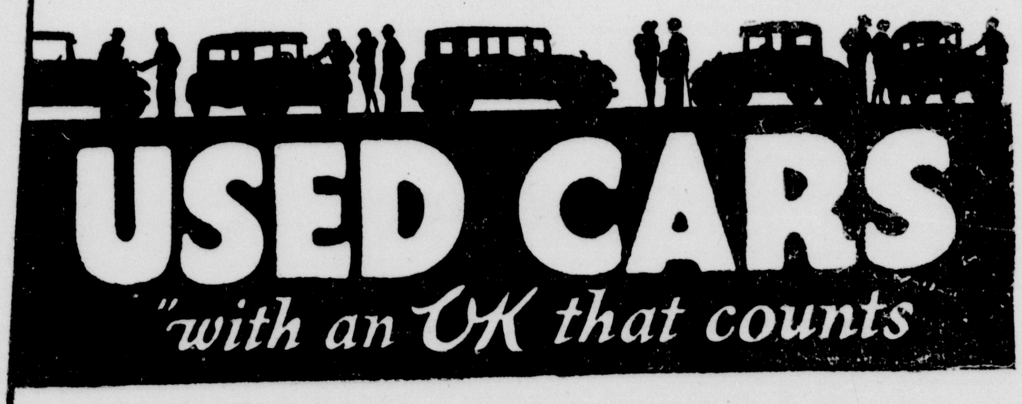
If you are in the market for a used car—come in and learn how completely we protect your purchase when you buy a used car from us!

Our used car department is operated under the famous Red O.K. Tag system—developed by the Chevrolet Motor Company to protect the used car buyer. Under this plan, we attach to the radiator caps of all our reconditioned cars the famous Chevrolet Red O.K. Tag—showing exactly what vital units have been checked O.K. or reconditioned by our expert mechanics.

We believe that no fairer system of used car merchandising has ever been worked out—for it assures the customer honest value as well as a dependable, satisfactory car.

Come in today and inspect our stock of O.K.'d used cars. You are sure to find the car you want, at a price that will please you—and our terms are exceptionally easy.





A Few of our exceptional Used Car Values "with an OK that counts"

1925 OVERLAND TOURING
Thoroughly reconditioned in our shop, good tires, top, new paint job.

1926 CHEVROLET COACH
This car has been thoroughly reconditioned in our factory service shop, new Duco paint, five new tires, bumpers, seat covers.

1925 FORD COUPE
Runs like a new car because it has been reconditioned in our shop, bumpers, spare tire.

1926 CHEVROLET COACH
Reconditioned in our shop and has bumpers and spare tire, wood wheels, new Duco paint.

1926 FORD TOURING
This Ford has not been touched by our shop. WHY?—Because it does not need it. It is in first class shape, has two spare tires, seat covers and bumpers.

1926 FORD TOURING
This car is going through our shop now. It is being reconditioned right. See it in a day or two on our Used Car Store floor.

Texas and Texans'

By Will H. Mayes

Rich in Lignite

Burt C. Blanton, consulting industrial engineer of Dallas, has been making an exhaustive study of Texas lignite. Based on figures of the United States Geological Survey, he finds that Texas has a potential tonnage of eight billion tons of bituminous coal and twenty-three billion tons of lignite. North Dakota and Montana are the only two states that have more lignite than there is in Texas. Bituminous coal is mined principally in Erath, Maverick, Palo Pinto, Webb, Wise and Young counties while lignite is mined largely in Bastrop, Bexar, Leon, Milam, Nacogdoches, Shelby, Titus and Wood counties. Geologists say that a great part of Texas extending from Texarkana to Laredo is rich in undeveloped lignite. In Webb county, according to Mr. Blanton there is probably the largest body of cannel coal of bituminous rank in the United States if not in the world.

Potentialities of Lignite

A number of the large power and light companies are now utilizing Texas lignite in the making of power and light and as the vast stores of this fuel are better developed more and abandoned for such uses, as all water that falls and can be stored in Texas will be required for municipal and irrigation purposes. It is also possible that when the supply of petroleum becomes less than the demand, should this occur, pil and its by products may be distilled from lignite as oil shale is now used in Scotland. With practically an inexhaustible supply of lignite, Texas is certain in a few decades to become the leading industrial state of the union, as it is now the leading agricultural state.

Citrus Fruit Canning

Packing plants and canneries for citrus fruits and vegetables are being constructed in many places in the Rio Grande Valley to be in readiness for the next crop. A citrus fruit packing plant is under way at Brownsville; another to cost a $100,000 is being built at San Benito; a building at McAllen is being remodeled for use as a packing plant; plants are being built at Donna, Weslaco and other smaller places in that section. In the near future Texas will have facilities for handling its fruits and vegetables and the country will not be so dependent on California and Florida.

Carload of Onion Seed

Laredo recently received 34,000 pounds of Bermuda onion seed directly from Teneriffe, Canary Islands, which is being distributed to Texas onion growers. Twenty thousand pounds; a solid car load, went to the Winter Garden district. If you have an idea as to the number of onion seed in a pound you may be able to approximate the number of Bermuda onions that will be grown in Texas next season.

Acquiring Airports

Texas towns are making ready landing fields for airplanes. Austin has just acquired 340 acres for that purpose; Texarkana has bought a 192 acre air field; Jasper has secured a field to answer its present needs. Dallas is soon to have one of the leading airpane factories in the country. Texas is to become the airplane center of the country, largely because of favorable atmospheric conditions. All towns should get ready for the popular rapid transportation of the near future.

East Texas Yams

With East Texas yams selling at $3.50 a hundred pounds on the San Antonio market and Elberta peaches at $3.00 a bushel, the East Texas producers have nothing of which to complain unless it is the heavy tolls that the express company and the dealers get before the produce reaches the consumers. Too, often, in the parance of the street," that's a plenty."

Brown County Oil Wells

So far Brown county has been fortunate in its oil development in that there is such a diversity of independent owners of producing wells. There are 1735 producing wells in the county, ranging in depth from 300 feet to about 1600 feet, and with an average production of 7.18 barrels daily to the well. Few of these wells belong to large companies and the wealth from them is scattered among many owners. Independent producers are developing every section of the county and getting oil in approximately 60 per cent of the wells.

Cities After Water

Too many Texas cities and towns failed to provide for their growth when making provision for water supply. Marshall is finding its wells inadequate and is having to restrict the amount of water to consumers. The city plans an additional supply from Caddo Lake. Bishop is urging the power company on which it depends for water to erect a water tower, complaining that present facilities do not meet the demands of consumers for home consumption or fire protection. Boerne has started work on two reservoirs and is installing pumps. Brownwood is still working on its water problem in effort to care for the growing population. Many other Texas towns are giving close study to better and larger supplies of water. That place is fortunate that has an abundance of pure good water.

Texas Kaolin Clay

As good chinaware as was ever produced in England or any other country can be made from clay deposits near Leaky in Real county, and ware from this clay is being shown in San Antonio to prove this assertion. There is a company organized or in process of organization to manufacture the chinaware from this clay. A power company stands ready to provide the electrification of the plant. A cedar "ram" railroad reaches the property from Uvalde. All that is needed, it is said, is to interest more capital and start he work.

Kerrville's Vacationists

It is estimated that approximately 10,000 persons have spent their summer vacations at and near Keerville and the season is not yet over. The estimate is largely based on registrations of those at encampments of religious assemblies and camps for boys and girls. Many of these spent from one to ten weeks there. They all spent money liberally. The Hil country of Texas has a valuable asset in its fine summer climate.

Mrs. J. L. Lovin and daughter Lula Mae Lovin of New Braunsfel are visiting Mrs. Lovin's brother, H. C. Keith and family for the week end.

START WITH GOOD POSTS IN SIGHT

If there had been rich relatives or influential friends to pull wires in behalf of Troy Ginn, Myrtle M. Carriere, Roy McCoy and thousands of others we could name, their progress might not mean so much. But, just a few years ago they were in the same position that young people of the average American families find themselves at high school graduation age. They were facing the future. How they were to meet the problems of a career and what they were to accomplish depended upon their own decisions and initiative.

Mr. Troy Ginn, with his twin brother, Roy, had decided upon what he wanted to be, and he lost no time in preparing. His ambition was to be an agent for a railroad and from there to higher positions. He enrolled, therefore, for a Railway Course in America's largest school of telegraphy —Tyler Commercial College, Tyler, Texas. Immediately upon graduation he was placed in a good position. Later Tyler Commercial College aided him in getting a place with the St. Louis Southwestern Railway and he has been making good in his responsible position at Athens, Texas. Roy Ginn is at Betty, Texas holding a responsible position with the St. Louis Southwestern Railway Company, in the telegraph department.

Miss Myrtle M. Carriere is with the Diem Wing Paper Company, New Orleans. Within five months after she left her home at Franklinston, Louisiana, Miss Carriere had completed the thorough course of bookkeeping, shorthand and posting machine. She says: "I am very proud to be a graduate of Tyler Commercial College and praise the Tyler methods of training at every opportunity."

Roy W. McCoy, who holds a responsible position with the Texas Railroad Commission stationed at Wink, Texas, enrolled from Louisiana. Just after completing his course, he was sent to Tulsa, Oklahoma. With the experience added to his thorough training Roy was headed for a much larger salary, so he changed positions and was sent to Wink. When he left Tulsa, that firm employed another Tyler graduate.

We could go on naming thousands and thousands of young people who were no older, not any more talented, not any better financially when they made their start than you are now. With a desire coupled with a thorough course in Tyler Commercial College you can reach the highest goal of success, send now for the large, free book, "Achieving Success in Business.' Just clip the coupon printed below and mail today. The helpful book is free, of course. No obligations.

(We have no branch schools. We lead; others follow)

Which?

Not so many years ago the jingling, jogging horse car, rumbling along as far as the city limits, was a great convenience. Today we step into our 60-miles-an-hour motor cars for trips of a mile—or a thousand.

RADICAL changes have come, too, in the handling of money. In horse car days folks carried most of their money with them, or hid it in supposedly secret places. The modern way is to put money in an account with a financial institution such as this—for safe-keeping, for convenience, for profit, for credit and money-independence building.

WHICH method are you using—"horse car" or "motor car?"

by using the
World's Best Coal
ORIGINAL GENUINE
MONTEVALLO

If Scotland could get this coal—none other could be sold there! Anyone who knows the facts on Original Genuine Montevallo Coal knows that this is one *sure* way to fuel economy.

When you shudder at the alarming rate ordinary coal disappears into the mouth of your furnace or heater or grate—then you're ready to listen to the story of Original Genuine Montevallo economy.

Even with ordinary coal, some grades last longer than others—but no ordinary coal gives so much heat or lasts as long as Original Genuine Montevallo.

You can save those dollars now escaping in large coal bills—by using Original Genuine Montevallo. Save 25% on your fuel bill this winter. Have your home better heated at far less expense. Avoid the clinker and ash nuisance, too—Original Genuine Montevallo does not clinker or coke. It is free from impurities and leaves just a few fluffy red ashes.

First in the South for seventy-two years—and still growing in popularity! That speaks *volumes* for the quality and economy of Original Genuine Montevallo.

Available in three sizes. Tell your authorized dealer below whether you want to burn it in furnace, heater or grate. He'll send you the size best suited—most economical for your purpose.

Now is the time to place your order. Don't delay any longer. Prices go up as Winter comes on. Add the savings on present low prices to your other Original Genuine Montevallo savings.

BAD PAINS
Use of Cardui Helped to Relieve Suffering.
"I have taken Cardui and have found it a very helpful medicine," says Mrs. Minnie Rocher, of Lynn Haven, Fla. "After a course of Cardui, I felt like I had been made over.
"For a while I suffered with bad pains in my back and sides. At times, these would distress me so I would seem past going.
"We had known of Cardui in our family for a long time, so I thought I would try taking it. I soon began to improve. I grew strong and well, and was able to resume my household duties without the least inconvenience."
Cardui is a mild, harmless extract of valuable medicinal herbs. Try it.

BUTLER ATTACK IS COSTLY TO G. O. P.

Educator's Repudiation of Hoover Swings Many Votes to Smith.

The unqualified repudiation of Herbert Hoover by Dr. Nicholas Murray Butler, President of Columbia University, and President of the Carnegie Endowment Foundation for International Peace, has proved, political observers say, one of the most staggering blows suffered in the present campaign by the Republican forces.

Although many prominent Republicans have renounced allegiance to their party since Hoover's nomination, none, it is conceded, has influenced so many votes.

A highly esteemed leader in Republican party affairs since 1887, Dr. Butler has attended every Republican national convention for 40 years. In 1912, following the death of Vice President Sherman, who had been renominated, Dr. Butler became the Republican candidate for Vice President. He was one of his party's most prominent candidates for the nomination for President in 1924.

The reaction to his ringing disavowal of the principles enunciated by Hoover in his acceptance speech was immediate and nation-wide. His bold and unequivocal declaration that he would not support a candidate who admitted himself to be in favor of the "continuance of the present reign of lawlessness, debauchery and Government-made crime" brought thousands of letters of congratulation from other dissatisfied Republicans.

In a scathing letter, addressed to the editor of the New York Times, Dr. Butler declared he wished to dissociate himself "quickly, publicly and completely on positions on two of the three most important questions now before the American people that were taken by Mr. Hoover in his speech of acceptance."

Noted Authority

Dr. Butler, who has long been in demand by learned bodies as a speaker on questions relating to international relations and the promotion of world peace, ridiculed Hoover for his "wholly false argument" that the squandering of enormous sums on naval armament would cooperate in the maintenance of peace.

"The contrary is now the well-demonstrated fact," asserted the educator. "Mr. Hoover dismisses with a few perfunctory words the truly remarkable treaty just now to be signed by ourselves and all the great powers of the earth pledging renunciation of war as an instrument of national policy." He added that Hoover's position was mere "swagger."

He criticized Hoover for "accepting the formula of that paid band of agitators, lobbyists and persecutors which calls itself the Anti-Saloon League," and asserted that it is "quite obvious that Mr. Hoover has no conception of the real problem by which the country is faced."

"That problem," averred Dr. Butler, "has not to do with liquor, not with social experiments, good, bad or indifferent, but with the structure and functions of the Government of the United States."

Accusing the Republican candidate of "hypocrisy" and "contradiction" which "would be comic were it not so unspeakably tragic," the educator declared: "No one can be in favor of the principles upon which our Government rests, or of the Constitution itself, and at the same time in favor of the Eighteenth Amendment, because the two are absolutely contradictory."

"Literally millions of Republicans throughout the country," Dr. Butler asserted, are "in full agreement" with him.

HOOVER FARM STATEMENT CALLED "CLEVER DELUSION"

"A very pretty Christmas tree for the American farmer, covered with glistening tinsel and little Christmas bells, but without presents—in other words, a clever delusion."

That is how Herbert Hoover's statement on Agriculture is described by William Hirth, of Columbia, Mo., publisher of the Missouri Farmer, and chairman of the Corn Belt Committee. Mr. Hirth adds:

"Mr. Hoover's message to Agriculture constitutes a lot of cleverly put together bunk that will not fool the thinking farmers of this country. When he admits that after eight years of uninterrupted power the Republican party has failed to meet what he now says is the 'most urgent economic problem in our Nation' he is caught in his own bear trap—how can he confess this indictment against his party in one breath, and then have the nerve to ask the farmers for his vote in the next?"

NORTH CAROLINA FOR SMITH, SAYS DANIELS

RALEIGH, N. C.—Declaring that Governor Smith's acceptance speech "rings true upon the fundamentals of Democracy," Josephus Daniels, Secretary of the Navy during the Wilson Administration, predicted that "North Carolina will continue in the Democratic column."

BALTIMORE, Md. — Richard F. Cleveland, son of President Cleveland, is actively engaged in the campaign to elect Governor Smith President. He is in charge of the speakers bureau in Maryland.

NOTICE OF GUARDIANS LEASE.

No. 2382

In the County Court of Milam County, Texas.

In he Matter of the Guardianship of Marianna Ellison and Florene Ellison, Minors.

In the County Court of Miam County, Texas.

To all persons interested in the above minors or their estates:

You are hereby notified that I have on this 12th day of September, A. D., 1928, filed with the Judge of the County Court of Milam County, Texas, an application to make Wilhelm Hessel as lessee, an oil, gas and mineral lease to 9 certain tracts of land out of the Samuel Frost and Levi Taylor Surveys in Milam County, Texas, the said 9 tracts aggregating 1065 acres, and this application is to lease the undivided one-third of one-half of said 1065 acres as being the undivided interests of the minors, Marianna Ellison and Florine Ellison in and to the said nine tracts of land as the same are fully described and referred to herein, and to which description reference is here made.

The said 9 tracts of land are referred to and described as follows, namely:

Tract No. One

Lot No. 17 of the subdivision of the 2860 acres out of the lower part of the Samuel Frost league as per plat thereof recorded in Vol 34 page 224 of the Milam County Deed records, containing 97 acres of land, being same land conveyed to R. W. Ellison by Hallie L. Axton by deed dated July 13, 1923 of record in Book 167 page 498 of the Miam County deed records.

Tract No. Two

(a) Lot No. 18 of the subdivision of the 2860 acres out of the lower part of the Samuel Frost league as per plat thereof recorded in Vol. 34 page 224 of the Milam County deed records, containing .100 acres of land, and

(b) Lot No. 20 of said subdivision, containing 75 acres of land.

Both of said tracts, being the same conveyed to R. W. Ellison by Alex Taylor, Sr., on Dec. 28, 1909 by deed of record in Book 95 page 589 of the Milam County deed records.

Tract No. Three

Lot No. 19 of the subdivision of the 2860 acres out of the lower part of the Samuel Frost league as per plat thereof recorded in Vol 34 page 224 of the Milam County deed records, containing 79 acres, and being the same land conveyed to R. W. Ellison by E. M. W. Taylor by deed dated Jan. 7, 1898 and of record in Book 50 page 112 of the Milam County deed records.

Tract No. Four

(a) Lot No. 21 of the subdivision of the 2860 acres out of the lower part of the Samuel Frost league as per plat thereof recorded in Vol. 34 page 224 of the Milam County deed records, containing 101 acres, and

(b) The East half of Lot No. 22 of said subdivision, containing 50 acres of land.

Both of said tracts being the same land conveyed to R. W. Ellison by Elizabeth Hough et al on June 1, 1894 by deed of record in Book 44 page 70 of the Milam County deed records.

Tract No. Five

Lot No. 23 of the subdivision of 2860 acres out of the lower part of the Samuel Frost league in Milam County, Texas, as per plat thereof recorded in Vol. 34 page 224 of the Milam County deed records, containing 100 acres of land, and being the same land conveyed to R. W. Ellison by B. W. Kilcrease on Nov. 30, 1906 by deed of record in Book 78 page 196 of the Milam County deed records.

Tract No. Six

Lot No. 24 of the subdivision of 2860 acres out of the lower part of the Samuel Frost league in Milam County, Texas, as per plat thereof recorded in Vol 34 page 224 of the Milam County deed records, containing 100 acres of land, and being the same land conveyed to R. W. Ellison by Helen Connoly et al on Oct. 4, 1894 by deed of record in Book 39 page 104 of the Milam County deed records.

Tract No. Seven

Lot No. 25 of the subdivision of the 2860 acres out of the lower part of the Samuel Frost league in Milam County, Texas, as per plat thereof recorded in Vol. 34 page 224 of the Milam County deed records, containing 137 acres of land, and being the same conveyed to R. W. Ellison by William White Allen by deed dated Oct. 10, 1895 of record in Book 43 page 574 of the Milam County deed records.

Tract No. Eight

Lot No. 26 of the subdivision of the 2860 acres out of the lower part of the Samuel Frost league in Milam County Texas, as per plat thereof recorded in Vol 34 page 224 of the Milam County deed records, containing 168 acres of land, and being the same conveyed to R. W. Ellison by Theo Connoly et al by deed recorded in Book 57 page 537 of the Milam County deed records.

Tract No. Nine

58 acres out of the Levi Taylor league in Milam County, Texas, out of the North East corner of said league, and being all of the 251 acres conveyed to R. W. Ellison by W. R. Moore et al on Dec. 21, 1886, by deed of record in Vol. 18 page 152 of the Milam County deed records, save and except 130 acres conveyed by said Ellison to Julius Staten and 63 acres conveyed by said Ellison to John Smilie, leaving the and here covered 58 acres more or less.

The nine tracts above described are the same tracts described in Oil and Gas leases bearing numbers corresponding to "Tract No." above, dated August 25, 1928, executed by Sudie Ellison et al to Wilhelm Hessel, and now held in escrow, as provided by drilling contract, of even date with said leases, between said Sudie Ellison et al and Wilhelm Hessel, to all of which reference is made for particulars.

Such application will be heard in the County Court room in the Court house in Milam County, Texas, on the 22nd day of September, A. D., 1928.

Witness my hand this the 12th day of September A. D., 1928.

SUDIE ELLISON,
Guardian of the estates of Marianna Ellison and Florine Ellison, minors.

PAIN IN SIDE

Black-Draught Brought Relief and Helped Indigestion.

"For several years I suffered with indigestion," says Mr. W. M. Barger, of Crystal, W. Va. "I had a pain in my right side, which rarely ever left me.

"At times, I would have headache so bad, I would have to leave my work.

"Black-Draught was recommended to me by a friend and so I began taking it. Before very long I was feeling much better. I kept up the medicine for some time, and my improvement was so great, I felt better than I had felt in years.

"The pain in my side left me, and the sour stomach quit altogether."

Sold everywhere; 25c.

Everything About Majestic Radio IS Majestic

Cabinets, Dynamic Speakers, Chassis, Power—Everything made from beginning to end in six great Majestic Plants—that explains the remarkable quality and price.

MAJESTIC FEATURES

CABINETS

The finest woods and the finest workmanship that brains and unlimited resources can create. All cabinets made in Majestic's own great, modern cabinet plants.

CHASSIS

Rigid and sturdy throughout. Trim and beautiful in design, and at the same time built to give lasting satisfaction. All parts readily accessible.

TONE

Majestic receivers reveal a fidelity, breadth and magnificence of tone without distortion, that will thrill you. Both high and low notes of all broadcast auditions faithfully reproduced.

DYNAMIC SPEAKER

Designed and manufactured in the Majestic plants. The most rigid tests have demonstrated conclusively its dependable construction, its ability to withstand the most severe shocks, its consistent high performance in the face of all climatic changes.

POWER

Majestic supremacy in the manufacture of all electric radio power is acknowledged. All power units for the new receivers designed for performance of the highest quality, under the most exacting conditions.

SIMPLICITY

Majestic receivers are true one-dial sets and are so constructed that a child may secure remarkable results over the entire range of stations.

SENSITIVITY

An outstanding feature that has amazed even veteran radio engineers. Under actual tests, in comparison with every leading make of set, no matter what the price or number of tubes, Majestic has "out-picked and "out-distanced" anything on the market.

PRICES

Majestic prices speak for themselves. Stated briefly, comparison will show them the highest quality receivers in the world for the least money.

Majestic Radio Receivers are Sold Exclusively by—
